Fillies Examination Certificate

I have checked the Thoroughbred filly **GREEN GATE** against her passport and microchip.

I have examined the internal genital organs (manual examination per rectum and speculum inspection per vaginam) of the above mentioned Thoroughbred filly.

These appear to be healthy and normally developed for her age.

Signed M.R.C.V.S. Date: 19.11.2025

Print Name: Sarah Czekal M.R.c.V.S.

N.B. This certificate must not be relied upon in any way as certifying any matter other than, that at the above date the filly was examined in the manner specifically referred to, and the findings of that examination. In particular this certificate does not constitute a warranty or representation that the filly is capable of breeding or is fit for breeding purposes.
